**Effective Date: April 26, 2016**  
**Expiration Date: April 30, 2021**

**Subject: Travel Requirements, Officials, and Redelegations**

**Responsible Office: Office of the Chief Financial Officer**

**1. POLICY**

- a. The NASA Administrator has delegated to the Center Director the authority to authorize travel orders and approve travel vouchers in accordance with the provisions of NASA Policy Directive (NPD) 9710.1, Delegation of Authority—to Authorize or Approve Temporary Duty Travel on Official Business and Related Matters.
- b. Pursuant to Agency guidance and related internal control practices travel orders will be authorized and travel vouchers will be approved by individuals in positions at least one organizational level above the traveler, except as provided in NPD 9710.1 for very senior Agency officials. For example, Organizational Directors requesting travel for themselves will have such travel authorized by the Associate Center Director.
- c. It is the policy of NASA that temporary duty travel assignments will be authorized or approved only when officially justified in order to meet strategic NASA mission requirements consistent with good management practices. When planning and scheduling trips, authorizing officials will try to combine missions in order to maximize the use of financial and staff resources. Procedures will be implemented by authorizing officials to scrutinize requests for temporary duty travel assignments to ensure that the following conditions are met:
  - (1) The assignment has been authorized to conduct official NASA business.
  - (2) The purpose of the mission cannot be satisfactorily accomplished less expensively by correspondence, telephone, video teleconferences (ViTS), or other appropriate means.
  - (3) The duration of an assignment is no longer than justified by the requirements of the mission.
  - (4) The number of persons on an assignment is held to a minimum consistent with the purpose of the mission.
- d. Any leave in conjunction with official, approved travel should be approved by the traveler's supervisor. Employees and approving officials should be aware of the

appearance of impropriety of taking extensive personal leave in conjunction with official travel.

- e. Travel authorizations will incorporate management determinations, authorizations, and justifications in accordance with the provisions of the travel regulation, and will cover the specific purpose, allowances, period of travel, place of duty, itinerary, allowable or directed mode of transportation, and administrative conditions and limitations.
